**World Class...Built to Last!**

**A little Schulte history...**

Schulte Industries' origins started on **April 17th, 1912**, when Caspar Schulte acquired the (smithy) blacksmith business in Englefeld, Saskatchewan. Caspar's oldest son John Schulte joined the business with his father in **1932**, and like his father, was kept busy keeping customers happy. In **1938** John Schulte took over the blacksmith business on his own. In **1942** John started building brush cutting and cleaning equipment. In **1947** John designed and built his first Front Mount Snow Blower that was purchased by the St. Gregor Snow Plow Club. In **1963**, John developed and patented the first and only conveyor type rock picker ever built. This unit was ground driven and was sold to 3 farmers from Leroy, just South of the plant. This conveyor type design is still being built today in a larger and stronger hydraulic drive version.

In **1964** the family business was incorporated under the title of Schulte Welding and Machine Ltd., which was changed again to what we know today as Schulte Industries Ltd.

**1964** Schulte began full scale production of rock pickers, front mounted rotary snow blowers and hydraulic earth scrapers.

By **1972** the company work force had increased to fifty five full time shop and production personnel and seven front office and sales staff. Part time employees pushed the numbers of production personnel to seventy five in the winter months. Schulte Industries Ltd. moved to a new production and office facility in **1976** with additional warehouse space added two years later. Then again in **2006**, 9000 sq ft of manufacturing space was added to the production facility.

In **2012**, Schulte Industries celebrated **100 years** in business. **Today, Schulte Industries employs over 150 people to design, manufacture and market it's current line of 38 equipment models to serve the farm, industrial and commercial sectors in over 65 countries all over the world.**

*A huge thank-you, as always, to Schulte Industries for generously printing the Englefeld Coffee Perks every month, year after year! Without them, our town newsletter would not be possible!*

*Thank-you as well to all the businesses that advertised in the Coffee Perks this year!  
Your support is much appreciated.*

Two men were walking home after a Halloween party and decided to take a shortcut through the cemetery just for laughs. Right in the middle of the cemetery they were startled by a 'tap-tap-tapping' noise coming from the misty shadows. Trembling with fear, they found an old man with a hammer and chisel chipping away at one of the headstones. "Holy cow Mister" one of them said after catching his breath, "You scared us half to death—we thought you were a ghost! What are you doing working here so late?" "Those fools!" the old man grumbled, "They misspelled my name!"

Since it began, the Angels Quilting Guild has donated nearly 600 quilts to charity. Recently 45 quilts went to the Soup Kitchen in Humboldt and now the Guild needs light coloured sheets that are no longer usable as sheets. They can be worn thin, have holes or stains. If you have some you'd be willing to donate, contact Cindy Lefebvre @ 2874377. If anyone wants to join the guild, the meetings are the second Monday of each month at 115 First Ave. West (west of the hotel).
